
Who's at the table working toward next year's school improvements?

The next few months are critical in planning for next year's school improvements.

For those stakeholders who are at the table working for transformative system changes, we hope that the following resources will be helpful.

(They have been put online for free and ready access.)

- *Improving School Improvement*
http://smhp.psych.ucla.edu/improving_school_improvement.html
- *Addressing Barriers to Learning: In the Classroom and Schoolwide*
http://smhp.psych.ucla.edu/improving_school_improvement.html

And for those who are specifically concerned with improving *student/learning supports* to better address barriers to learning and teaching and reengage disconnected students, the Center provides a variety of other resources online, as well as free TA and coaching via email. Contact Ltaylor@ucla.edu

*For those who want school improvements but are not at planning tables,
it's time to find your way there.*
