

# Interconnected Systems for Meeting the Needs of All Students

## ***School Resources***

(facilities, stakeholders, programs, services)

### **Examples:**

- Health education
- Support for transitions
- Conflict resolution

- Violence prevention
- Dropout prevention
- Learning/behavior accommodations

- Special education for learning disabilities, emotional disturbance, and other health impairments

## ***Community Resources***

(facilities, stakeholders, programs, services)

### **Examples:**

- Public health & safety programs
- Prenatal care
- Immunizations

- Early identification to treat health problems
- Short-term counseling
- Shelter, food, clothing

- Emergency treatment
- Long-term therapy
- Disabilities programs

### ***Systems for Promoting Healthy Development & Preventing Problems***

primary prevention  
(low end need/low cost per individual programs)

### ***Systems of Early Intervention***

early-after-onset  
(moderate need, moderate cost per individual)

### ***Systems of Care***

treatment of severe and chronic problems  
(High end need/high cost per individual programs)
