

We have had a great response to the brief entitled: "Assuring No Child is Left Behind..." A number of folks have asked for extra copies to circulate. One colleague is arranging to place it on his organization's website and will be sending it out on the organization's listserv. Also, remember this document can be accessed and downloaded at no cost online at <http://smhp.psych.ucla.edu/summit2002/assuringnochild.pdf>. All other documents related to the initiative for **New Directions for Student Support** also are online and can be accessed from <http://smhp.psych.ucla.edu/summit2002/ndannouncement.htm>. You are, of course, free to download and use any of the documents. If you can't make copies to share, please let us know what you need.

A recommendation has been offered that contact be made with all education Service Centers. We plan to follow-up with this. Is there any information about activity in your area that should be referenced as part of this outreach.

It has also been suggested that a follow-up meeting be convened sometime in the next few months to review and expand the initiative's efforts. What do you think about this? Would you like to be part of such a meeting if it is convened?

Please let us have your response to the following:

Who else would you recommend we send the brief to and inform about the initiative for New Directions for Student Support?
