The Role of Schools in Preventing Bullying
- The school should be a safe and positive learning environment for ALL students

Recommended General Rules for Improving Overall School Climate
- Two general conditions must exist in order to prevent bullying:
  - adults at schools should be aware of the extent of bully/victim problems in their own schools
  - these adults should involve themselves in changing the situation.

Consequences of Bullying Behavior
- Establishing rules against bullying necessitates creating positive or negative consequences for following or violating rules.

School-Level Interventions
- Designed to improve overall school climate

Classroom-Level Interventions
- Designed to improve an individual classroom’s social climate

Individual-Level Interventions
- Designed to change or improve the behavior of students in general
