Survey of System Status

As your school sets out to enhance the usefulness of education support programs designed to address barriers to learning, it helps to clarify what you have in place as a basis for determining what needs to be done. You will want to pay special attention to

? clarifying what resources already are available

? how the resources are organized to work in a coordinated way

? what procedures are in place for enhancing resource usefulness

This survey provides a starting point.

Items 1-6 ask about what processes are in place.
Use the following ratings in responding to these items.

DK = don’t know
1 = not yet
2 = planned
3 = just recently initiated
4 = has been functional for a while
5 = well institutionalized (well established with a commitment to maintenance)

Items 7-10 ask about effectiveness of existing processes.
Use the following ratings in responding to these items.

DK = don’t know
1 = hardly ever effective
2 = effective about 25% of the time
3 = effective about half the time
4 = effective about 75% of the time
5 = almost always effective
