
**Some Steps and Resources for Encouraging Policy Changes to Improve
How Schools Address Barriers to Learning**

We hear regularly from folks who are concerned that their school is not taking the best approach to addressing barriers to learning and teaching and re-engaging disconnected students.

Rather than continuing to lament about the situation, isn't it time to step up and do something about the situation?

A special opportunity exists whenever there are new administrators and board members. We have developed a brief set of steps to guide anyone who is ready to encourage policy makers to move forward. See <http://smhp.psych.ucla.edu/pdfdocs/introtosups.pdf>
